REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

regarding claim 30, based on an updated search, the examiner found the subject matter of allowable claim 30 in the last office action. Ueno, 6,733,200 and Kindel, 3,530,495, teach the allowable subject matter of claim 30 as previously stated in the previous office action; however, Ueno is not considered prior art as Ueno does not antedate the filing date of the application. Kindel antedates the filing date; however, there is no motivation or suggestion to combine Kindel with Andrew, 3,574,370, in combination with Gottschald, 2,993,717, as the bearing shell in Andrew or Gottschald requires forward movement toward the ball pivot due to the spring. Providing the upper shell with a collar wedged between a housing cover and a shoulder of a joint housing will preclude the shell to move forward by the spring as required by Andrew and Gottschald.

Regarding claim 27, this claim depends from claim 30.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
